

# How Tech Apprenticeship Program Apprenti Changes Lives and Advances Workplace Equity

Apprenti is a national Registered Apprenticeship (RA) program that provides a proven pathway for underrepresented groups, including people of color, women, Veterans, and people with disabilities, to access secure, family-wage jobs in the tech sector. Through an innovative selection, certification, and hiring process, Apprenti bridges the talent gap to meet the tech industry's growing demand.

Apprenti is an employer-driven model that fills mid-tier tech jobs with apprentices, regardless of their educational attainment or prior work experience. This expands opportunities for those from historically underrepresented communities to access a tech career. Employers mentor apprentices through paid work experience to prepare them for a career in technology.

With over twenty occupations filed nationally, registered tech apprenticeship is now available in every state.

*The decision I made to apply to Apprenti has **changed the trajectory** of my entire family.*

## Apprenti Increases Diversity and Equity

Apprenti creates career opportunities previously inaccessible for underrepresented groups in the tech industry.

■ Apprenti RA ■ Traditional RA\* ■ Traditional Tech Hiring\*\*

### RACE

### GENDER

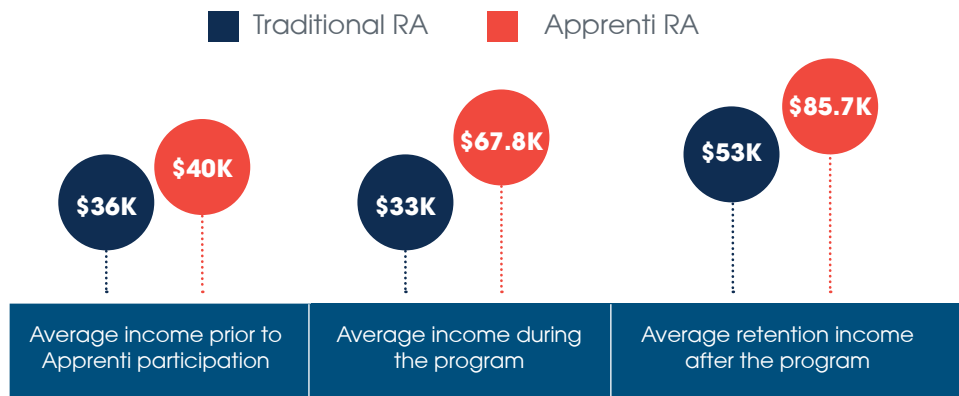

While veteran hires skew male, Apprenti's non-veteran population is **41%** female, improving on the tech sector's **36%** and federal apprenticeship's **11%** female representation.

## Apprenti Changes Lives

By training and placing apprentices in the tech sector, Apprenti helps its program participants achieve greater economic opportunity over the course of their lifetimes.

### WAGE DATA

# \$2.25M\*

Average lifetime earnings increase due to participation in the **Apprenti** program

*\*Based on a 25-year work projection*

## Apprenti Supplies Tech Sector with Homegrown Talent

Apprenti has a track record of employers retaining apprentices following graduation, keeping them in high-paying careers for the long-term.

### PROGRAM IMPACT

## Investment in Apprentices Benefits the Economy

Tech apprenticeships through Apprenti also benefit the economy and result in a positive return for federal, state, and private investments in the program.

## \$24.3K

Average annual tax revenue generated by a retained Apprenti graduate

## \$14.3M

Total estimated annual tax revenue from 2021 Apprenti apprentices
